About me

Hi! 🙋

My name is Francisco Agustín Rodríguez, and I'm a highly motivated and enthusiastic frontend developer. With a passion for creating visually stunning and innovative websites and web applications, I enjoy experimenting with new ideas and techniques. As a problem-solver, I approach challenges with a creative mindset and take pride in finding elegant solutions to complex problems. I'm excited about the opportunity to contribute my skills to innovative projects that make a difference.

Experience

Frontend Developer

@Portinos Digital Agency — Jan 2024 – Present

I have successfully built and optimized dynamic web applications using ReactJS, HTML, CSS, and JavaScript. I have hands-on expertise in developing product pages, integrating APIs, and implementing interactive elements and componentes to enhance user engagement. Background in maintaining and troubleshooting existing websites.

Frontend Developer

Freelancer — Nov 2022 – Present

I have done different projects using modern technologies like React/TailwindCSS. These projects involved creating and developing responsive and interactive user interfaces, implementing navigation solutions, and integrating with back-end APIs. I have focused on creating highly usable and accessible user interfaces to enhance the user experience.
